

SleepRight®

NASAL BREATHE AID

gently opens nose to increase airflow

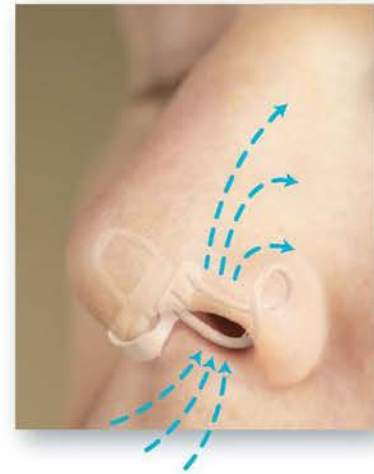

SleepRight's flexible flare design gently opens nasal passages to:

- Reduce snoring
- Relieve nasal congestion
- Open deviated septum
- Increase performance
- Enhance breathing & oxygen levels

Compare to nasal strips:

- Reusable breathe aid eliminates single use strips
- Ready to use - No preparation steps
- Works without skin-pulling adhesive
- Eliminates "one chance" to adhere in correct position
- Does not leave nose blemish after removal
- Extended use - Added value for your money

3 REUSABLE BREATHE AIDS
(UP TO 45-DAYS USE)

1 REUSABLE BREATHE AID
(UP TO 15-DAYS USE)

Includes convenient
storage case.

• Breathing problems are up
25% in the past 5 years

• Snoring has increased due to the
overweight and aging population

• 1 in 5 Americans today
suffer from allergies
