

TONGUE CLEANER by SleepRight®

Attack Tongue Plaque & Bad Breath!

Did you know that brushing, flossing and rinsing only reduces mouth odor by 25%, while 75% originates from the tongue!

Gum, mints and mouthwash may only mask bad breath. The SleepRight® Tongue Cleaner actually removes bacteria that causes bad breath, and improves oral health.

Tongue cleaning improves the sense of taste and also stimulates the secretion of digestive enzymes.

Available in colors teal and blue

Patented Design

The SleepRight® Tongue Cleaner provides firm cleaning pressure and is not flimsy. The scoop captures plaque and bacteria build-up from the tongue, providing better health.

The handle organizes floss picks, breath mints or spray, disposable toothbrush, cotton swabs, lip balm, pills, gum or a hygienic item of your choice. Great for travel or purse!

DUAL EDGE

For two levels of deep cleaning.

SMOOTH COMFORT CLEANING RADIUS

Glides behind cleaning edge, gently relieving pressure on the tongue. No gagging or scraping!

STORAGE COMPARTMENT
Inside handle!
