

Print this page and then cut out the SIZER to find your pillow size.

The diagram shows a side profile of a person's head and neck. A red double-headed arrow labeled "size" indicates the distance from the base of the neck to the end of the shoulder. The diagram is divided into three sections: SMALL (For 5'4" and shorter), MEDIUM (For 5'5" and taller), and LARGE (For 5'10" and taller (broad shoulders & large frames)).

Measure from the base of the neck to the end of the shoulder

Sleep Right[®] orthopedically designed
SIDE SLEEPING PILLOW

SMALL
For 5'4" and shorter

MEDIUM
For 5'5" and taller

LARGE
For 5'10" and taller
(broad shoulders & large frames)

Cut along the dotted line.
